

Quilt Racks & Rentals

The Guild has a large quantity of wooden racks for displaying quilts. These are available for rental to other guilds and organizations.

The rental period is usually for 7 days.

The fee is \$2.00 per upright and \$2.00 per cross bar. All feet and hardware are included with each rental.

There is a \$100 damage deposit for all rentals. This is usually waived for a Guild member who only rents one or two racks for a short period. The deposit check is held by the Rack Rental Coordinator, (not cashed or deposited) until the racks are returned. It is then shredded or returned to the renter, whichever the renter would prefer.

The racks are stored in Deming, Washington.

The renters are required to bring enough help to carry the racks from the storage area to their transportation. The Rack Coordinator is not expected to help load the racks. This is clearly stated in the rental agreement.

The prospective renters must contact the coordinator, Melissa Dougher to reserve the rental dates. As soon as the deposit is received; the dates are confirmed and rack pickup and return times are arranged at a mutually agreeable time for all parties. No rack rentals are scheduled during the week of and preceding FIQ's Quilt show.
